Photo/Video Image Release Form

Dear Caregiver:

I am a student teacher from Tennessee Technological University. During this semester, I will be taking photos and/or videos of a variety of classroom activities to represent teaching performance during my field experience. As part of my teacher education program requirement, I am expected to develop a professional teaching portfolio. I would like to be able to include these photos and videos of classroom activities in my portfolio and I would appreciate your permission to use items that may have your child in them.

These photos and/or videos are for the purpose of “bringing to life” the documents I present in my professional portfolio. They would remain my personal property and would only be used for educational purposes associated with my teacher education program and for sharing my portfolio during employment interviews.

Please check one of the two statements below, sign, and return this document to:
